VM-306025	30 x 60 (762 x 1524)	25			

Power Tilt mount representation

POWER TILT MOUNT WITH AUTO UP/DOWN FEATURE

The Auto Up/Down feature ensures that the arrowboard is in the display position when in use and in the travel position when turned off, preventing damage and reducing wind drag.

- Selecting an arrow pattern automatically raises the arrowboard to the display position
- Selecting OFF automatically lowers the arrowboard to the travel position
- Automatically detects the upright position - clear indicator on the controller display shows if the arrowboard is in the up or down position
- Bed rail or Bed floor can be added (optional)

POWER TILT MOUNTING KEY BENEFITS

- Slim design structure - compact model for easy transport and storage
- Universal support for motorized truck mounted arrowboard: 4 x 8 / 30 x 60 / 36 x 72
- Motor Mounting - easy maintenance & durability

OPTIBRIGHT TECHNOLOGY

Exclusive lens mold designed for super efficient energy consumption

PHOTOCELL

Provides automatic light intensity adjustment for day and night operations.

WARRANTY

- 1 year on complete units
- 2 years on electronic components manufactured by Ver-Mac
